A TINGLING RETORT. - Dr. Tyog has are us ed the indignation of the lady portion of his congregation. He told the ladies in a recent sermon, that if they would give up their three button gloves and wear the one button glove instead, they would save enough annually to support an orphan asylum. This was regarded not only as gratuitous advice, but entirely too much one sided. Thereupouthe reverend gentleman received the "retort courteous" He was informed by a few high spirited women that if he and the male members of his church would discontinue the use of tobacco, the accumulations would be sufficient to support two orphan asylums. They reminded the rector, in addition, that "three-button gloves do not make a dirt, or an unsavory odor, and that they have no deleter ous effect on the perves of the ladies who wear them; while, on the other hand, the brethren would be cleaner. sweeter and healthier if they would quit the use of tobacco and give to the cause of the orphans the money they now expend in this cor oal gratification.

IMMENSE SLAUGHTER OF OLD HARES.—The Franklin Gazette says: "Mr. Davis, of Snow Creek, caught during the last deep snow storm over 200 hares, which he converted into sausage, mixing a small portion of hog meat. Now this is something new to us, but we imagine Mr. D. has the best sausage in thcountry. In our last issue we stated that over 2 000 hares had been caught in this county during Christmas week, but we are credibly informed that 4,000 will not cover the num

ALEXANDRIA, January 26, 1377.

To the young men members of the different

churches of our city: Dear Bretnren-In compliance with a resolu tion adopted at the last monthly meeting of our association, I address to you this letter, inviting you to join us and help in the work in which we are engaged in endeavoring to promote the spiritual interests of our young men and in car rying the Gospei to the destitute in our midst. Our constitution requires no fees from our members, intringes no rights of individual opinion as to ecclesiastical matters, and requires no duties that shall is terfore with obligations arising out of church membership. Our only watch word is Christ and Un cause. In presenting this subject to you we know that our work is like "char-ity twice blessed; it blesseth him that giveth as well as them that receive." Although we number about one hundred on our rolls, not more than one fourth are active workers. We started twenty-four years ago with a body of young men in the prime of lite. Many of these have passed from their earthly labors, we trust, to their everlasting reward; many have removed to other fields, and some have grown weary in well doing, and by reason of age and infirmities others are unable to meet with us as they were won't to do. We need young men, with warm hearts and strong hands, to assist us in our labors and to give animation and interest to our meetings. Will you come and help us in the cause for which you have professed attschment? If so, our General Secretary, Jas. Entwisle, jr., will be gial to take your names for this pur-pose, and I hope that many of you will call upon him, signifying your acceptance of this invita Yours fraternally, A J. FLEMING, President Y.M. C.A.

I am now manufacturing a good and cheap
PAINT, of several colors, the body of which is equal to Lead and Oil, which for tin roofs, barns, stables, fences, &c., will be found very suitable as well as economical, and an improvement over other cheap mixed Paints now in the market. For brick walls with a northern exposure it will act as a preventive to dampness. For iron it makes a solid and lasting coating, impervious to moisure and a preventive of rust. Being of various shades of color, the cornice and trimmings can be painted to suit. This Paint has been used by one railroad company and by many of the farmers in this vicinity, and is many of the farmers in this vicinity, and is highly recommended by all who have tried it.
